

Plasti-Kleer® UNIVERSAL COVERS

*For Circulating
Periodicals*

**The most
Economical Plastic
Protection for
Circulating Periodicals**

For low-cost, long-lasting protection of circulating periodicals, this two-piece cover and its accessory tapes provide a practical answer. Covers may be removed and re-used as old issues are discarded.

#12 111 with Card Stock Backing

Sturdy crystal-clear polyester film is fused to heavy-duty folder stock. All edges reinforced with durable fibre. Tough backing permits dating and pasting of card pockets on inside cover.

#12 114 Fully Transparent

This style is made of clear polyester film on both sides, reinforced with durable fibre tape. Reading matter on inside covers is completely visible.

SPECIAL IMPRINTS ON MAGAZINE BINDERS

Plasti-Kleer Magazine Binders may be imprinted in blue or gold with the name of the library and/or magazine title. Price (for standard type) is \$1.00 per line. Please specify color and wording desired.

REINFORCING & BANDING TAPES

**Two types of tape used
with Universal Covers**

Reinforcing Tape — for joining Universal Covers at spine . . . transparent and semi-clear to allow spine-print to show through and prevent spines from tattering.

Banding Tape — for cross taping, attaching Universal Covers to inside pages, and locking pages and signatures in place.

REINFORCING TAPE

Semi-Clear

Plasti-Kleer® MAGAZINE BINDERS AND COVERS

BEAUTY AND PROTECTION FOR PERIODICALS

**...IN THE READING ROOM
...IN CIRCULATION**

by BRO-DART

Plasti-Kleer® DELUXE Magazine Binders

FULLY CLEAR
No. 51 510

Flexible vinyl plastic, with a "memory" that holds its shape. Fast, non-losable snap-out rod, secured at one end, permanently fastens magazine into binder and permits switching in seconds!

FULLY CLEAR #51 510 For Reading Room| Tables

Fully transparent, this durable plastic gives a sparkling, complete view to both front and back covers of magazines.

HARD BACK #51 520 For vertical racks

HARD BACK
No. 51 520

Front cover and spine are fully transparent and flexible. Rear cover is made of rigid, high quality buckram, grain textured and maroon in color. Reinforced edges keep binder upright in vertical racks without droop.

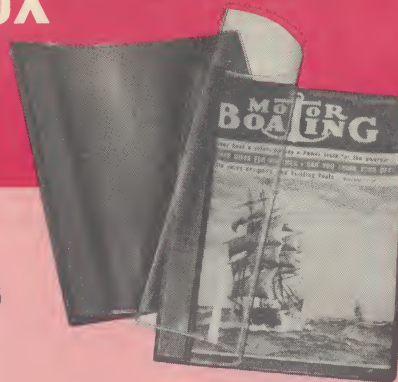

SIZES & PRICES

Sizes shown are the maximum spine height of magazine which binder will take.

SIZE (I.D.)	FULLY-CLEAR #51 510	HARD BACK #51 520	SIZE (I.D.)	FULLY-CLEAR #51 510	HARD BACK #51 520

Also available with lock: Fully Clear #51 511, Hard Back #51 521 — Add 50c to prices shown.

Plasti-Kleer® DURALUX Magazine Binders

DURA-LUX
No. 51 530

Crystal-clear, heavy gauge vinyl plastic front cover protects and highlights magazine. This long enduring "memory" plastic will always retain its shape, no matter how heavily used.

Rigid, deep red back and spine of opaque vinyl cloth embossed to simulate leather.

Fast, non-losable snap-out rod, secured at one end, permanently fastens magazine into binder and permits interchanging of magazines in seconds.

Overall construction minimizes "droop" when placed in vertical racks.

Plasti-Kleer® LOCK Magazine Binders

OPAQUE BACK
No. 51 540

Rigid vinyl plastic, clear and sparkling to show reading room periodicals to their very best advantage. Will not droop — even in vertical racks. Lock bar is held securely by two "set screw" locking posts to prevent loss of magazine.

Magazine is inserted or removed by unlocking one post with "L-shaped key". Lock bar can be adjusted to accommodate very thick

periodicals by loosening both posts.

This binder will take periodicals up to 1" thick.

OPAQUE BACK Cat. No. 51 540

Fully transparent, rigid vinyl front cover. Spine and back covered in textured red vinyl cloth, over stiff binder's board for rigidity.

FULLY CLEAR Cat. No. 51 550

Fully transparent, rigid vinyl front and back. Spine covered in rich red vinyl cloth.
